

Increase Student Engagement With Classroom Books

The Classroom Library Connector fosters collaboration between teachers and media specialists by making classroom libraries more accessible to students.

Classroom Library

Amity Blight's Class

Ellen Gren's Class

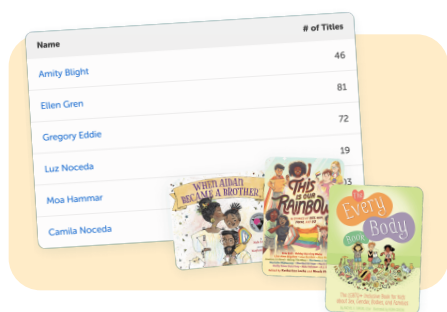

Shine On, Luz Veliz

Rebecca Balcárcel
ISBN: 978-1797209678

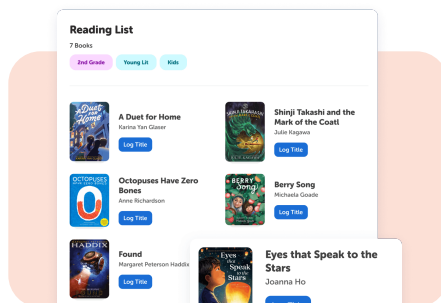

This feature has been extremely time-saving for our media specialists and teachers. Beanstack has helped us streamline and scale our cataloging efforts to ensure students can view titles available to them in classroom libraries. Thank you to the Beanstack team for always listening to your clients and users.

— Allison Kibbey, Director, Instructional Technology & Library Media Curriculum and Digital Learning
Orange County Public Schools, FL

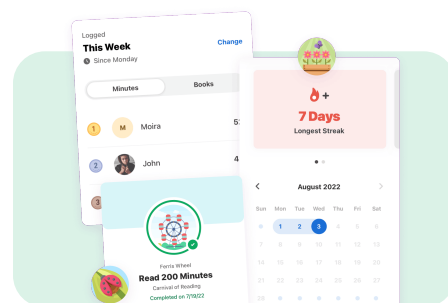

Increase Visibility of Classroom Books

Save teachers' time with our ISBN scanner to catalog books in classroom libraries and allow students to easily discover titles in their rostered classes.

Strengthen Collaboration With Teachers

Allow teachers and media specialists to create classroom reading challenges to get students reading more.

Offer a Fun and Inclusive Platform

Strengthen independent reading habits with gamification software proven to create sustained reading motivation.

Created in Partnership With Educators Like You

We help librarians and educators motivate their communities to read. Beanstack's mission and platform empower our partners to focus on their literacy goals and maximize their available resources.

Easy for All Users

How the Classroom Library Connector meets the needs of everyone in your school or district:

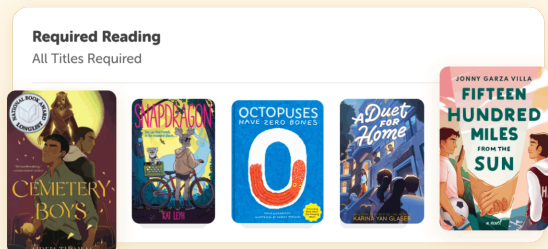

Instructional Staff

Create and maintain classroom library lists by using our state-of-the-art ISBN scanner, importing a list, or entering titles manually.

Title	Author
Ciel	Sophie Labelle
Dragon Pearl	Yoon Ha Lee
Zenobia July: A Novel	Lisa Bunker
The Witch Boy	Molly Knox Ostertag

School Media Specialists

View classroom library catalogs and popular classroom library titles to better collaborate with teachers and drive library use.

Students

View and log titles available in classroom libraries based on student rostering information. Participate in reading list challenges and view required reading lists that feature classroom library titles.
